

Defense Acquisition University Faculty Contribution Opportunities Knowledge Sharing Mission Area

Knowledge Sharing Contribution To and Integration With the DAU PLM

The screenshot shows the AKSS homepage with various sections including Reference Information, Site Menu, Popular Information, and Community & Knowledge Areas.

AKSS

- AKSS and CoPs - 24/7 resources for job performance support and informal continuous learning.
- Sharing of DAU resources in partnership with OSD, Services, Agencies and Industry

The screenshot shows the PM CoP homepage with sections like Program Management, Participate in a Community, and What People are Saying.

AT&L Communities

AKSS and CoPs - "Go to" sites for detailed knowledge sources to support course curriculum, both on-line and in the classroom

The screenshot shows the PM CoP Performance Support page with sections like User Database, User Performance Report, and User Status Report.

PS CoP

- Performance Support CoP - PS and RDT resources stored and shared.
- CoPs - Presentations and documents contributed to applicable topic(s)
- AKSS - Resources and Search function used for PS & RDT

- AKSS - Links to CLC and modules index
- CoPs - CL modules contributed to applicable topic(s)

The screenshot shows the AKSS homepage with various sections including Reference Information, Site Menu, Popular Information, and Community & Knowledge Areas.

Knowledge Sharing

Contributions

2 Major Opportunity Areas

1. Activity/products related to developing, finding, sharing knowledge “resources/content” (One Hour/Week)
2. Activity related to on-Line Knowledge Communities
 - Using, Contributing, Managing, Developing
 - Using/Contributing - One Hour/Week
 - Managing (Editors) - Two Hours/Week and 10 editors per Region
 - Developing (Senior Editors) - Eight Hours/Week and 1 senior editor per Region

See following pages for examples

Knowledge Content Contribution Examples

Minor Workload but Important Contributions by:

- Finding and Contributing Objects (Training materials, best practices, lessons learned, guidebooks/handbooks, tools, etc.) from self, peers, students, workforce for submittal and inclusion in the DAU knowledge object repository.
- Submitting customer needs (functions and content) for AKSS and CoPs using user feedback survey tools or the Information Systems Help Desk
- Assisting in the debugging of AKSS and CoP applications by providing detailed feedback on problems encountered – content not found, search function, etc.

Knowledge Content Contribution Examples

Moderate Workload and Increased Value of Contribution by:

- Developing/contributing a lesson learned to DAU lessons learned system
- Developing/contributing to continuous learning course module(s) stored and shared through CLC, DAU repository
- Developing/sharing Rapid Deployment Training materials within DAU and/or publicly through AKSS, CoPs, DAU repository
- Developing/sharing Performance Support materials within DAU and/or publicly through AKSS, CoPs, DAU repository
- Developing/sharing a case study that will be used within DAU and/or shared publicly through AKSS, CoPs, DAU repository

Knowledge Content Contribution Examples

Significant Workload and Highest Value Contribution by/as:

- Developing or contributing to the development and sharing of complex **on-line job aids and knowledge access tools**.
Example: Linked 5000 documents - SME to technical team
- **Website/webpage developer, manager, and/or contributor**.
Example: 5000 resource center - faculty webmaster manager
- DAU Curriculum Development course area manager/contributor, where **course modules** are shared as job support tools. Example: Log 235 course manager, module SME
- Participating as an **expert in the Ask-a-Professor system**, or as an AAP resource manager. I.E. expanding the AAP expert network. Contact Dan Costello or Bill Hechmer
- Authoring/contributing to an **article for DAU ARQ, PM Magazine, other publication**. Example: Risk Management ARQ edition.
- Developing/sharing DAU **guidebooks/handbooks**.

Community of Practice (CoP) Contribution Examples

Contributes as: Increasing Level of Involvement and Workload

1. **Knowledge Object contributor** -Multiple faculty members of CoPs contributing announcements, case studies, community meetings, business cards, definitions, events, examples, learning materials, lessons learned, presentations, processes & methods, references, regulations, related websites, testimonials, tools & forms
2. **Course Community leader** for each DAU course
3. **CoP sub-area leader/editor** – multiple topics under career field and business process CoPs (BCEFM, Contracting, FE, IPM, IT, Log, PQ&M, PM, S&T, SE, T&E, Risk Mgt, EVM, TOC)
4. **CoP leader/senior editor** – Dave Brown, Chip Summers, Chuck Waszczak, Lt Col John Driessnack – leaders SE, CM, Risk Mgt CoPs
5. **CoP developer/leader** – LCDR Mark Van Vleck (West) developing new FE CoP with John McElhenny (PD)

Community of Practice Contribution Examples

CoP opportunities in FY04:

- Program Management - contact Major Jim Ashworth or LtCol John Driessnack
- Risk Management - contact LtCol John Driessnack
- Systems Engineering - contact Dave Brown or Dr. John Snoderly
- Contracting - contact Jeff Birch, Chip Summers or Chuck Waszczak
- Logistics - contact Jill Garcia, John Baranowski, Jerry Cothran or Bruce Moler
- BCEFM - contact LtCol "Rob" Roberts
- Facilities Engineering - contact John McElhenny or LCDR Mark Van Vleck
- Earned Value Management - contact Dave Bachman
- International - contact Larry "Scoop" Cooper
- Science & Technology - contact Dr. Bill Lukens or Tom Dolan
- Industrial Property Management - contact Lyle Eesley
- Manufacturing, Production, QA - contact Bill Motley
- Software Acquisition Management - contact Larry Baker
- Test and Evaluation - contact John Claxton, Dr. Jay Gould or Paul Alfieri
